

## Serve your online customers 24/7

**rDesk Website™** — A highly configurable and feature-rich Web site with hundreds of designs that allows you to custom-tailor the content for your specific marketing plan. Attract new customers and capture qualified prospects.

### All the features your customers are looking for, including:

- Customize property searches from your home page — the #1 reason consumers visit a real estate Web site
- Graphical representation of neighborhood statistics and school ranking — the #2 reason consumers visit a real estate Web site
- Observe the activity of your new and existing customers as they register for information
- Stay informed with instant alerts and daily reports
- Leads load into rDesk Contact Manager™, where you can generate follow up campaigns and action plans — included with rDesk Web site

Choose from a wide selection of upscale Web site designs, featuring cutting-edge technologies like widgets and statistics at-a-glance, as well as a variety of attractive color schemes and layouts to complement your brand.

Option to enhance your Web site with a Flash intro or semi-custom design to be totally unique.
